

CRIMPING APPLICATORS – (TUBULAR TERMINAL APPLICATOR)

Sai Paradise Machine Tools

Overview

Tubular crimping tool is used to crimp closed crimp barrels at four areas and thus connected with the conductor.

Features

1. Mainly used for terminal crimping of aviation plug
2. Crimping on the four edges of terminal to make better contact between conductor wire and terminal
3. Exquisite in structure design, evenness crimping force, and excellent finished crimping

Applications

It is used in Wire harness industry, Automobile industry, Control panel manufacturing industry.

Technical Details

Applicable Machine Type	Semi – Automatic Terminal Crimping Machine
Wire Diameter Range	0.05 – 6.0 mm ²
Shut Height	157.8mm
Outer Diameter of Terminal	OD 0.5 mm
Stroke	32-40 mm
Weight	4.5 Kgs
Dimension	180mm (H) X 180mm (L) x 75mm (W)
