

# CUTTING & STRIPPING (MULTISTRIP – 999+)

## *Sai Paradise Machine Tools*

### Overview

This is a fully automatic cable cutting and stripping machine for 2 cores flat & round cables. It handles and processes multi-core cables of external diameter 8.0 sqmm maximum. It is designed for flat sheathed wire s by stripping the 2 layers at the same time (the sheath and core insulation).The insulation materials that this Multi strip-999 plus handles are of PVC, Extruded Teflon, Silicon and many other types of materials.

### Features

1. Quick change guide tubes and blades
2. Simple operation of HMI (Touch Screen)
3. User-friendly operation
4. Quick programming
5. Mid-strip facility available (optaional)
6. Inline slitting attachment (optional)

### Applications

Multi Strip- 999 plus is widely used in home appliances, automobile industry, and tele communication.

## Technical Details

Operating interphase	HMI (Touch Screen)
Wire Type	flat cable and multi core round cable
Cable size	0.50 – 8.0 sqmm
Maximum cable Outer dia	8.0 mm (round), 4.0 x 8.0 mm (flat)
Stripping Operation	Inner and Outer
Lead Stripping Length inner core	2.0 – 15.0 mm
Tail Stripping Length inner core	2.0 – 15.0 mm
Lead Stripping Length Outer core	20.0 – 250.0 mm
Tail Stripping Length Outer core	20.0 – 80.0 mm
Noise Level	< 70 db
Programme memory capacity	Upto 200 no's with all processing parameters
Power Supply	230 to 240V (50/60 Hz)
Air supply	4.0-6.0 bar Dried and filtered air
Motor	3.15 KW
Dimensions (L x W x H)	420 x 340 x 280 mm
Net Weight	50kgs
Output Range (approx)	360 pcs /h at 500 mm Length and both side 100 mm outer strip length and single line feed (depending on operator skill)
