

# ROTARY STRIPPING (RS – 200)

## *Sai Paradise Machine Tools*

### Overview

The Rotary Stripping Machine – (RS – 200) is operated with HMI (Touch Screen). It allows to strip PVC, Solid core, Single Standard, Rubber wires & Multi-core cables. We offer more efficient machines as per the customer requirements with reasonable prices.

### Features

1. High precision rotation, it can process the wire diameter of Max – 50Sqmm
2. Touch Screen interface, stripping depth/ speed/distance and rotation time can be digitally input
3. Wire clamping device through pneumatic air pressure
4. The whole structure is exquisite in design, light weight and it is easy to move
5. Using the most advance rotary cutting frame, improve the processing accuracy and speed

### Applications

Rotary stripping Machine – RS-200 is a semi- automatic rotary stripping machine. It can process round materials including of PVC, solid core wire, single stranded wire, computer core wire and telephone wire, battery cable, etc. Handy machine, easy to move.

## Technical Details

Operating Interphase	HMI (Touch Screen)
Wire Type	Pvc, Solid Core, Single Stranded & Rubber wires, Multicore
Minimum cable outer dia	4.0 mm
Maximum cable outer dia	25.0 mm
Cable Size	3.22 Sq mm to 53.0 Sq mm
Uninyvin Cable Size	12 to 0
Maximum Stripping length	200.0 mm
Length Accuracy	±0.2MM (L x 0.04%) Depends on the materials
Noise Level	< 35 db
Air supply	6.0 bar Dried and filtered air
Power	280 Watts
Power Supply	230 to 240V (50/60 Hz)
Function mode	Foot Pedal, push button
Cylinder Stroke	280 mm
Dimensions (L x W x H)	1450 x 330 x 420 mm
Net Weight	110 kgs
Output Range (approx)	1200-1500 nos per hour (depending on operator skill)
